*"The church is not a building, the church is not a steeple
The church is not a resting place, the church is the people!"*

We are the small group that has been tasked with discerning the future **ministry** of Churchill Park United Church. We are one of two* task groups of the Future Directions Committee.

Our purpose, as we see it, is to engage the Churchill Park congregation in re-imagining our ministry, given reduced finances and people power. We wish to discern God's call to us, and how church members/adherents might respond to that call. In our pondering, we want to hold up how much we value our staff, our volunteers, and our community.

** The second task group (formed after the Annual Meeting) is the Ad Hoc Committee, whose role is to research options for the building and property and potential partners and new owners for the building/property.*

A Letter to the Churchill Park Community of Faith

From the Prairie to Pine Climate Finance Group on divesting from fossil fuels

Engage your financial institutions on divesting from fossil fuels.

Update: On Wed., April 24, the Leadership Team discussed the letter. Some LT members have already moved their investments and banking from big banks to Credit Unions. Others suggested action we could take as a congregation. What are you, and we, being called to do, as we navigate climate catastrophe and our need to large institutions to lead the way in the divestment from fossil fuels? This matter has been passed to the Trustees for further conversation. Stay tuned...
